ABOUT BIRTH CHARTS

Your birth chart, also known as a natal chart, is a map of the sky at the exact moment you were born. It shows the positions of the Sun, Moon, planets and stars based on your date, time and place of birth.

Astrologers believe this snapshot in the sky offers powerful insights into your personality, talents, challenges and life path. One area it can provide clarity on is your career direction and goals.

By analyzing the planetary placements and aspects in your unique birth chart, we can understand your natural skills and motivations. This can help reveal career fields that are best suited to your individuality and allow your talents to shine.

Our birth chart tool analyzes the career influence of each planet in your chart. It then provides personalized interpretations and recommendations to help you gain clarity on your ideal work. By understanding how your astrological blueprint affects your professional life, you can make career choices that feel intrinsically right for you.

ABOUT MOON PHASES

ELEMENTS

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

ABOUT ELEMENTS

In astrology, the four elements - Fire, Earth, Air and Water - provide insight into your personality traits, motivations, and how you approach life. Each zodiac sign is associated with one of the four elements:

- Fire (Aries, Leo, Sagittarius):
Passionate, energetic, confident, and ambitious. Fire signs are motivated by excitement and adventure.
- Earth (Taurus, Virgo, Capricorn):
Practical, grounded, reliable, and hard-working. Earth signs value stability, nature, and material security.

ELEMENTS

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

- Air (Gemini, Libra, Aquarius):
Intellectual, social, communicative, and logical. Air signs thrive on ideas, knowledge, and interactions with others.
- Water (Cancer, Scorpio, Pisces):
Emotional, deep, intuitive, and empathetic. Water signs are sensitive, creative souls who feel things strongly.

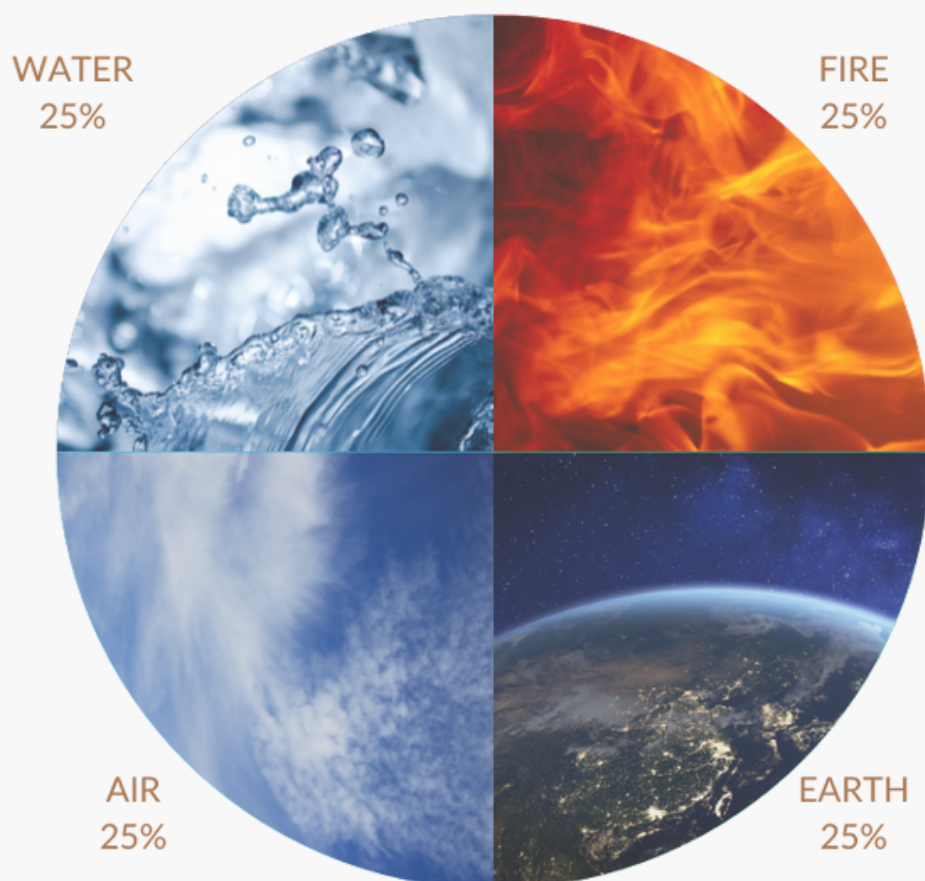

Having a prominent element in your birth chart indicates you easily identify with its classic traits. It shapes how you approach challenges and interact with the world.

For example, a Fire-dominant chart shows someone driven to take initiative while an Earth-dominant chart belongs to a down-to-earth pragmatist. Understanding your ruling element provides valuable self-knowledge.

INTERPRETATION

You are well-rounded, versatile and able to adapt. Challenges might include difficulty committing fully to one path, as they see value in many approaches. This balanced blend serves you well in both relationships and career.

- Adaptability - You feel comfortable expressing yourself through different modalities and thrive in a variety of environments.
- Perspective - Having access to all four perspectives helps them see issues multidimensionally rather than through just one lens.
- Resilience - No single element dominates, so they wouldn't lean too heavily on any one trait or strength. This balance provides built-in flexibility.

QUALITIES

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

ABOUT ZODIAC QUALITIES

The quality in astrology refers to the modality of the zodiac signs in your birth chart. Having a high percentage of one quality in your birth chart indicates you tend to operate more from that energy. There are three qualities:

Cardinal: Associated with initiating energy and starting new projects/cycles. Cardinal signs are Aries, Cancer, Libra and Capricorn.

Fixed: Stability and persistence. Fixed signs maintain the status quo and see things through. They are Taurus, Leo, Scorpio and Aquarius.

Mutable: Flexibility and adaptability. Mutable signs are comfortable with change and easily transition between situations. Gemini, Virgo, Sagittarius and Pisces are the mutable signs.

INTERPRETATION

Having a high percentage of one quality in your birth chart indicates you tend to operate more from that energy. For example:

- A chart with 50% Fixed suggests you are determined, reliable and not easily swayed from your chosen path once set upon it.
- A Cardinal-dominant chart means initiating and leading are natural to you as you are wired to get things started.

Understanding your ruling quality provides insight into how you take action and handle changes/challenges that come your way. It's an important piece of the astrological puzzle.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

SUN IN LIBRA: 04°19'03''

Librans like to weigh the pros and cons of a situation before they come to any conclusion. If carried too far, they get to the point where they can't come up with any conclusion, thus they can be very indecisive. They tip the scales one way, then the other, hoping to find the proper balance. Librans have an innate sense of fairness, though, and can be diplomatic, cooperative, helpful, idealistic, sociable, dependent, insincere, lazy and self-indulgent. Librans are happiest when in partnership or in situations where they can adjust or work with human relationships. Pleasant surroundings are important to them. Because Librans enjoy people and human interaction so much, they have a difficult time being alone. Because of this, they need to share their life with someone. Unfortunately, they have a tendency to be 'in love with love', because of their romantic and sentimental natures. Thus, they could rush into marriage without forethought and end up in a difficult relationship. Librans find it virtually impossible to remain emotionally stable if there is discord around them. This leads to their wanting peace at any price, which allows others to take advantage of them. They want to be liked by everyone, sometimes to their detriment.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

MOON IN LEO: 13°25'58''

You are warm, generous, and loving in your affections and you bring out great devotion and loyalty in your loved ones. You want to be worshipped and adored like the king or queen you feel you are. You want and need a partner you can be proud of and your own pride is very important to you. You cannot love someone you don't respect and aren't proud of. It is important to you that you feel recognized and appreciated. Your feelings get hurt when you feel ignored. You dislike emotional games and dishonesty. You are popular, generous, dignified, loyal and ambitious and have a persevering, penetrating mind with leadership and creative ability. You dramatize the events in your life and your feelings. On the negative side, you may be ego-oriented, vain and/or ostentatious with a tendency to wear your heart on your sleeve.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

MARS IN SCORPIO: 05°21'13"

You are extremely strong-willed and you pursue your goals and desires with passionate dedication and determination. You are capable of total concentration and tremendous discipline, and you are very difficult to influence once your mind is made up. When you want something, you can be very one-sided and almost obsessed with it. You tend to be secretive and you do not want others to know what your plans are. You tend to be instinctive, perceptive, determined, strong-willed, stubborn and magnetic. You have deep emotions and may occasionally show a primitive side. You need to learn self-discipline or your desire nature will rule your life, probably causing great sorrow in the end. You must learn to control your jealousy and possessiveness in matters of love. A certain amount of detachment in relationships would probably be good and this, of course, would include your tendency to treat loved ones as possessions. You are very forceful in a quiet and subtle way and others may have difficulty in seeing or understanding your motives. You can manipulate people in a way that is not obvious to them or others. Direct confrontation with others is not your preferred style. You like operating behind the scenes. In any case, you are a formidable opponent when riled.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

MERCURY IN LIBRA: 02°00'25''

One of your best talents is your ability to see all sides of an issue, and to negotiate and bring about compromise and reconciliation. You are diplomatic, fair, tactful, and reasonable, possessing considerable social finesse. You work well with all groups of people. You are objective and somewhat detached from emotional bias and may make an excellent consultant, mediator, or public relations person. You insist upon fair play and seek peace and harmony in all situations. Your fine aesthetic sensitivities allow you to work in artistic or cultural environments. You have a persuasive, rational, well-balanced mind with artistic sensitivities. You are flexible and willing to listen to all sides of an issue. This may lead to vacillation and indecision, though, because sometimes you cannot make up your mind as to which side has the most merit. Your thinking process works by means of comparing things and finding analogies. This is when you are at your best.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

JUPITER IN LEO: 03°56'43"

You are generous, kind, compassionate and altruistic. You have organizing and executive abilities and crave positions of trust and responsibility, never being content to simply follow. You have an abundance of energy and a strong constitution. You love anything that tends to uplift society. On the negative side, though, you can become cruel, sensual, egotistical, ostentatious, abnormally fond of pleasure and subject to loss through speculation and gambling. You need to be admired for your generosity and warm-heartedness to all.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

VENUS IN SCORPIO: 15°53'19"

In matters of love, you desire and crave a deep, intense, and passionate relationship. The bonds you form are strongly emotional and may be described as possessive. You can get very jealous regarding loved ones.

Uncontrolled jealousy and possessiveness may help destroy the relationships you are most intense about. You have a tendency to marry whatever or whoever captures your heart and it is difficult to let go of it or them for any reason. High demands are placed on your partners. You are somewhat suspicious of even platonic, friendly relationships your partner has. If you are ever betrayed, you are capable of hating with as much force and intensity as you once loved. You are attracted to people who have an aura of mystery about them. You have a sultry charm, a personal magnetism. Although your feelings run deep, you may have trouble expressing them. Once burned you never give another a second chance. It is all or nothing at all. There can be a deep religious devotion which can serve as an outlet for your overcharged emotions. You need to learn the value of self-control. Misuse of the creative force in previous lifetimes has forced you to again deal with issues surrounding sex, passion, desire, and regeneration.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

SATURN IN VIRGO: 07°50'25"

You tend to be industrious, efficient, practical, exacting, scientific, organized, shy, thrifty, studious, economical, and punctual. You have common sense and the ability to manage others, but may be a bit of a perfectionist. Detailed work does not bother you and you are able to focus and concentrate on the various minutia of any project. Your mind is deep and analytical and you probably have a good head for numbers. You may be prone to periods of depression or be prone to hypochondriac tendencies. Your work is usually neat and orderly and you dislike messes and dirt. There may be a desire for solitude. You need to stay busy because boredom brings unnecessary worry. Do not allow yourself to be critical of others.

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY

NEPTUNE IN SAGITTARIUS: 15°48'07'

You refine knowledge and philosophy in a free and tolerant manner. It may be you distil the essence of knowledge so it is mystical and uncertain. There may be a tendency to believe in a free manner, without using the critical facilities. You are very sensitive to matters related to freedom, especially in foreign lands and with foreign people. You are very tolerant, but this may be because you fail to see certain details and become entranced by your noble dreams of a better world. Yet, you do have a powerful ability to overcome these problems, and achieve a powerful solution.

PLANETS REPORT

MARCELINA - 9/27/78 @ 3:08 PM - ONONDAGA, NY
